Dear Guests of Modern Wave,

In these uncertain times, we continue to keep you and our staff at the heart of every decision we make. We are closely evaluating this fluid situation and following guidance from public health officials and government agencies to inform difficult but important decisions. To that end, we'd like to share an update on how we are continuing to adapt in order to protect your health & safety.

Our salon will remain temporarily closed through May or until the time when we can safely reopen. As this situation is ever-changing, it's difficult to predict when that day will be. We look forward to the time when we can safely welcome our team and our guests back to our salon.

Our salon closure reflects our responsibility to help protect the health and wellbeing of you, our team, and the communities we serve. Until it is safe to enjoy the in-salon experience again, we invite you to shop our products and/or gift cards with curbside pickup or local delivery or online at:

Our return to the salon & operations will look a lot different than before the pandemic. We are currently working with our team to create new schedules and protocols that will involve social distancing and CDC sanitization guidelines for our team and our guests.

We will provide weekly emails on Mondays during the month of May leading up to our re-opening. These emails will provide information about our return and what to expect at your first visit back to Modern Wave. Unless we are delayed, we plan to begin scheduling appointments for June 1st in mid-May.

We want you to know that we will press forward with careful consideration at every turn. We will stay true to our company values with continued optimism for the time when we can safely welcome you and all of our team back to Modern Wave. Until then, let's take good care of each other.
